Monday 5th March 2018

British Science Week 2018

Dear parents/carers,

To celebrate British Science Week, starting on Monday 12th March, we will all be focusing our afternoon learning on developing our Science skills. Science is a wonderful opportunity for us all to explore, investigate and experiment the world around us with a practical and hands on approach.

To help celebrate on Thursday 15th March children are invited to come to school in different types of clothes rather than their school uniform. The clothes need to support the theme of '**Science**'. They may be a mad scientist, an explorer, an astronaut, a medic or simply themselves as someone who loves to investigate!

On **Friday 16th March** parents are invited into our Science assembly where each class will have the opportunity to share some of their learning from the Science week.

This is a week that we all look forward to in school and would love you to share this with us and help the children get into the spirit of science.

Miss R Millward
Science lead
